

An Open Letter to President Katzav Prime Minister Sharon and Members of the Knesset

January 23, 2004

Dear President Katzav, Prime Minister Sharon, and Members of the Knesset,

We, the AMERICAN COMMITTEE for the PRESERVATION of the LAND and PEOPLE of ISRAEL, together with the NATIONAL UNITY COALITION FOR ISRAEL,™ are sending you this open letter.

We have learned that President Katzav is meeting with WOMEN FOR ISRAEL'S TOMORROW [WOMEN IN GREEN] in the very near future, concerning petitions they have gathered containing over 350,000 signatures opposing the creation of a 23rd Arab state within the Biblical Land of Israel. We understand that these signatures were collected in a short period of time from all over Israel. This is evidence that an overwhelming number of Jews in Israel oppose the creation of an Arab state within the Holy Land.

We are sure you know that G-d promised the Land of Israel to the Jewish people and there are absolutely millions in America who believe what the Bible says in that regard. The U.S. Congress, as the representative legislative body upon which Israel relies for its generous support, reflects the strong ties of the American people to the Nation of Israel.

We are positive that the current level of terrorism (Islamic Jihad) would not subside, but simply get worse with the establishment of a Palestinian state. That Palestinian state would not only threaten the existence of the Middle East's one democracy, but would threaten all of Western civilization, as well as facilitate the globalization of radical Islam.

Our civilization has been founded on Judeo-Christian moral and ethical values, which stand in stark contrast to the values of radical Islam. **Another Arab Islamic state established as a reward for Arab terror will foster further terror—not only within Israel, but especially towards the United States, and ultimately promote a complete globalization of the Islamic Jihad.**

We respectfully ask that you consider all the implications for world Jewry and Christianity when determining the possibility of statehood for those who have repeatedly sworn to eliminate the Jewish Homeland of Israel. Please do not forget that whatever Israel does has always affected the world, since Israel was created by G-d to be a "Light unto the Nations."

Sincerely,

AMERICAN COMMITTEE for the
PRESERVATION of the LAND
and PEOPLE of ISRAEL
