

Dear President Bush and Vice President Cheney,

We urge you today to read the PLO's PHASED PLAN and its CHARTER to destroy the Land and People of Israel. This Charter called its "POLITICAL PROGRAM" was adopted at the 12th session of the Palestinian National Council, in Cairo on June 9, 1974. It is still in full force. We know, Mr. President and Mr. Vice President, that if you, the Secretary of State, your Cabinet, Congress, Senate, all U.S. citizens, Mr. Sharon, Mr. Peres, and all Israeli citizens will see exactly what it is that the Palestinian Arabs, Hamas, Iran, and the entire Arab world really want from Israel and the rest of the world, you will get a better picture of how they plan to ELIMINATE not only the Land and People of Israel completely, G-d forbid, but also do away with the legitimacy of the Kingdom of Jordan. It is all listed in the entire text of the Phased Plan Resolution.

In fact this was stated very clearly by Dr. Mahmoud al Zahar, a Hamas leader in the Gaza Strip last summer while planning to continue its "armed struggle" against the Jewish State until "all territories" are in Palestinian hands.

The world must understand that the Arab world, especially the Palestinian Arabs, mean what they say. Please DO NOT wait until it is too late. During World War II, the world also thought that Hitler would be appeased if they just gave him Czechoslovakia!!! **Please read the Palestinian plan for the destruction of Israel and the Jewish People on the opposite page carefully and STOP THE INSANITY NOW and do not encourage a terrorist state to be established in Gaza.**

We hope and pray that you see the light. May G-d bless America and the Land and People of Israel.

Respectfully yours,
