

# Dear Mr. President, Mr. Vice President, and Ms. Secretary of State Designate Rice,

How can Israel survive when Prime Minister Sharon is allowing the Jews to be expelled from Lod to make room for more Palestinian terrorists, a mere 3 kilometers from Ben Gurion International Airport?

At the same time, THE WORLD BANK is demanding that Israel hire 35,000 Arabs from the **PA Authority** to work in Israel while 29,000 Israelis are out of work and forced to eat in soup kitchens.

THE WORLD BANK gives the **PA Authority** a 1.4 billion dollar budget and the **PA Authority** gives SUHA (Arafat's widow) a 22 million dollar annual allowance in Paris.
